Role Summary:

Please see the attached [Terms of Reference \(TOR\)](#) for co-chairs for details on the role activities and expectations, including time commitment.

In alignment with the broader CHTF goal to elevate country voices, the Secretariat encourages interest from members based in a country affected by fragility and/or conflict for the CHiEHS co-chair role, and from members based in a country off-track for SDG 3.2 for the advocacy co-chair roles. However, all interested parties will be considered regardless of location.

Please note that subgroup co-chairs are non-paid, volunteer positions. We encourage interested individuals to consult their organizations or supervisors and to get approval and recognition for playing this role. In addition, the co-chair role provides the opportunity to:

- Expand your network and engage meaningfully with other colleagues committed to improving child health.
- Gain leadership experience, including the chance to shape the priorities and activities of the subgroup.
- Integrate your existing work with the work of CHTF where relevant and feasible, including sharing your work with the CHTF network and identifying collaboration opportunities.
